

CD-ROM FOR CPC VI PAPERS

Introduction

The CD-ROM in the sleeve inside the back cover contains the complete contents of this AIChE Symposium Series volume in standard Portable Document Format (.pdf) files. The CD also contains an ISO9660 file system with Rock Ridge attributes. All files are copyrighted as described in the file `copying.txt`.

Software for reading these files includes Adobe Acrobat Reader and Ghostscript, available from websites www.adobe.com and www.ghostscript.com, respectively.

The complete volume is available in a single file, `cpc6-all.pdf`. In addition, the Title and Copyright pages, Preface, Contents and (Author and Subject) Indexes are available in individual files as follows:

`title.pdf`: Title and copyright information.
`preface.pdf`: Preface.
`contents.pdf`: Table of Contents.
`index.pdf`: Subject and Author Indexes

Each invited and contributed paper is available in an individual file, as follows:
